Features

- Nerd if you couldn't tell already
- RainbowMafia NotCis™ certification
- Disaster transfem
- Very casual gamer[a]
- Introvert IRL, idiot bean online
- Illegally corny engineering innuendos
- Programming socks
- Basic magic smoke engineering
- Questionably useful technical knowledge about the Source™ engine
- Multiple communication interfaces:
  - English (high speed)
  - French (high speed, native)
  - Spanish (low speed)
- Non-secretive, non-deceptive communication
- Not a glowie but actual bioluminescence would be rad honestly
- Dislike of *Absolutely Proprietary* things
- Likes tiramisù
- ~~Japanese *art* enjoyer~~ Just say "hentai" you idiot
- Moderately curly hair
- 202° elbow extension angle
- Polyamorous: multiple parallel affection streams

Applications

- Friend
- Romantic partner Openings available!
- Dumb idea machine
- Voltage-controlled insecurity source

Description

The CEL3573 (pronounced "Céleste") is the latest iteration in the CEL35xx series of emotion-capable intelligence optimized for integration within communities of queer nerds, meme enjoyers, and other neurodivergent groups alike.
Designed with cutting-edge 51µm MeatFET™ technology and the latest advances in both computer and human language processing, it will prove a knowledgable and opinionated friend, as well as an honest and cuddly partner.

Device information

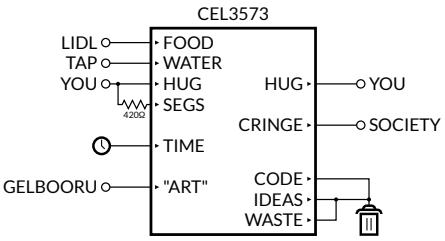
Available packages:

BiPED-144™
(1.095×10^{35} l_P)

Nyan-binary, Pronouns: she/they
Not for sale within the USA[b]
Compliant with ISO 42069:1337
IP45 rated

(c) (d)

Simplified schematic



Recommended Operating Conditions

Symbol	Parameter		Min	Typical	Max	Unit
CPD	Cuddles Per Day		1	3	NaN	cuddles
T_{amb}	Ambient temperature		12	20	28	°C
$EtOH_{in}$	Ethanol intake (6 hour window)		0	0	0.0283[e]	mol
Caf_{in}	Caffeine intake (24 hour window)	Coffee	0	0	0	mg
		Tea & yerba maté	0	0	150	
W	Weight		666	725	764	N
$CCPY$	Cybercrimes per year		0			crimes[f]
$PrPD$	Profanities per day		1	7	sailor	cusses
DHT	Dihydrotestosterone		0	DELED	begone!!	*kill*
PIB_{sleep}	Plushies in bed		1	3	7	BLÅHAJ

(a). Examples include Team Fortress 2, Portal, Half-Life, modded Minecraft, Noita, Satisfactory, Terraria, ...
(b). Due to repeated past negative experiences, CEL3573 refuses to engage Americans beyond simple friendship. No, you are not an exception.
(c). Lead-free by design. May absorb leaded solder over time after manufacturing.
(d). Exceptions apply for fermented juice of fruit produced by *Malus domestica*, such as ciders and scrumpy.
(e). Equivalent to 33 cl at 5% by volume.
(f). You wouldn't download a car.

Characteristics

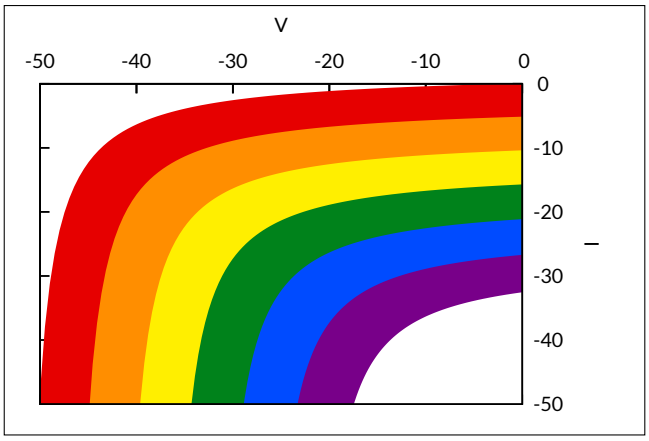


Fig. 1: Emotional breakdown voltage

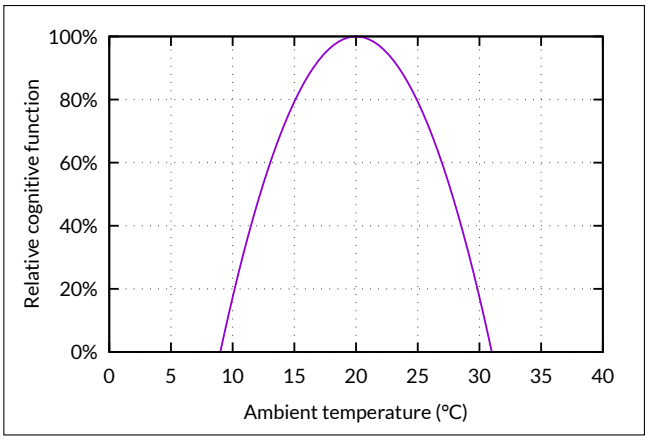

Fig. 2: Heat resistance

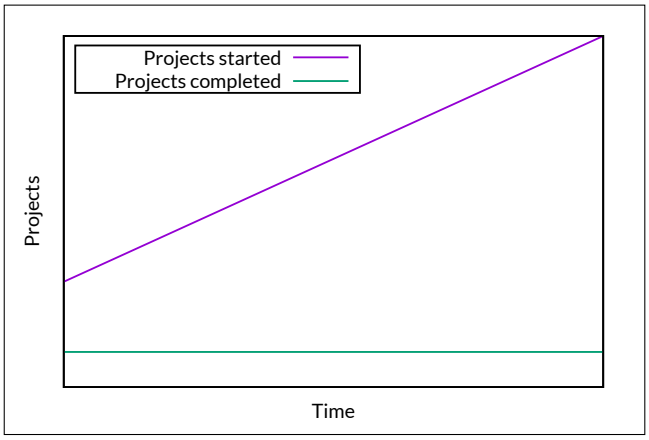

Fig. 3: ADHD

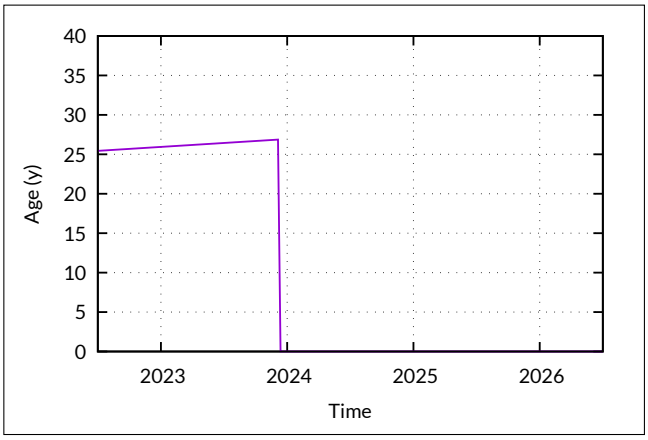

Fig. 4: Progress to wizardom

Known quirks

- Has a bit of the 'tism
- May wear Crocs as slippers
- Odd yet significant attraction to tentacles
  - *Egg* (if you know, you know)
- Functionally boymoding, on the account of zero fashion sense
- Heart does not meet manufacturer specifications
- Eyes require additional third-party optical devices to remain functional
- Occasional inefficient use of monetary resources
- Frequently speaks to itself
- Reduced emotional stability due to the estrogen
- Forgets the position of used/moved items within 5 seconds
- In dire need of affirmation

Ordering information

Due to high manufacturing complexity, only one unit exists at a time.
